

ELVIS K JEKIR D OLIVEIRA

Vancouver, BC | jekirelvis@gmail.com | +1 (672) 963-2961 | linkedin.com/in/elvisjekir

Professional Summary

Data Science student applying practical skills through academic and personal projects. Experience with data analysis, cleaning, and visualization using Python and Excel. Familiar with SQL queries and basic table structuring. Eager to grow in real-world data projects while continuing to develop a solid technical foundation.

Skills

- Data Analysis: Cleaning, filtering, and exploring data using Python (Pandas) and Excel.
- Visualization: Creating charts and dashboards with Matplotlib, Excel, and Tableau.
- SQL: Writing queries with JOINs and filters to explore relational data.
- Tools: VS Code, Jupyter Notebook, GitHub, Google Sheets.
- Organization & Communication: Experience preparing clear reports to support business decisions.

Projects

Mental Health Data Project – In progress - [GitHub.com/Elvis-Jekir/mental-health-project](https://github.com/Elvis-Jekir/mental-health-project)

- Exploring and making predictions to a mental health dataset from Kaggle to identify patterns and trends.
- Using Python (Pandas), ML and SQL to clean, explore, and organize the initial data.

Netflix Movies Investigation - [GitHub.com/Elvis-Jekir/netflix_project](https://github.com/Elvis-Jekir/netflix_project) | Oct 2024

- Analyzed Netflix's movie catalog to understand duration trends over the decades.
- Cleaned and visualized data using Pandas and Matplotlib.
- Skills: Python, Pandas, Data Cleaning, Visualization.

Joining & Analyzing Movie Review Data - [GitHub.com/Elvis-Jekir/movie_review](https://github.com/Elvis-Jekir/movie_review) | Oct 2024

- Merged movie and review datasets to observe rating patterns and user behavior.
- Analyzed top-rated genres and changes in ratings over time.
- Skills: Python, Data Merging, Matplotlib.

Work Experience

Financial Manager

Deny Sports | May 2021 – Apr 2024

- Managed daily cash flow and created financial reports to support strategic decisions.
- Automated Excel spreadsheets to monitor financial KPIs and trends.

Sales Supervisor

Yazigi Language School | Jan 2015 – Mar 2019

- Monitored team performance and used metrics to optimize results.
- Trained and led a sales team; produced reports to support management decisions.

Education

Data Science Co-op Diploma

Cornerstone Community College, Vancouver | Sep 2024 – Present

Bachelor's in Business Administration

University Estácio Atual, Brazil | 2015
